Samuel Sinyangwe,

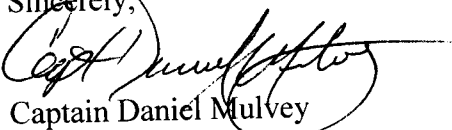

The Danbury Police Department received your faxed FOI request dated July 15, 2019 seeking a multitude of documentation. I am pretty certain it will be easy enough for us to gather and copy the five years of use of force information you are looking for, complaints made by civilians, etc.. That would fulfill the first four requests.

With regards to the other four requests for policy manual, police shootings (only two in the requested time period) union contract and deaths and serious injurious caused by police officer use of force, (again we only had two), most of this can be fulfill also. We do not have a union contract on file and we can only release one of the two police shootings, in redacted form, as the case investigation has been completed. The other has not and I do not anticipate that it will be anytime soon.

We have a policy manual with well over 100 individual policies. Some are one or two pages long and others are multiple pages long.

Seeing that you seem to be well versed in Connecticut FOI law, you should know that you or your organization does not fall under one of the five recognized exceptions for waiver of payments listed in our Connecticut General Statute, 1-212. Furthermore we are allowed to charge 50 cents a copy for each page of documentation and as a public agency we can and will require you or your organization to prepay for all copies that need to be made. I anticipate a prepayment of approximately \$1000.00 (one thousand dollars) just to make copies of what you requested. Let me know how you want us to proceed.

Sincerely,
